

# Biomes

Pick either a specific biome or a specific ecosystem and make a presentation to the class using the following rubric.

- Name that biome/ecosystem and give a definition if needed
- Give at least one location along with a map
- Show 2 pictures of the ecosystem/biome
- List 2 plants and 2 animals that inhabit the ecosystem/biome and show pictures of each
- Explain 1 way changes the biome/ecosystem/biome and 1 way humans change the biome/ecosystem
- Explain 1 reason why you like this environment
