Environmental Science Exam 2   Choose 6 or the 9 Biomes we studied and list 2 characteristics, 2 animals, & 2 plants for each biome.

1. Biome _____

Characteristic_____,_____

Animals_____,_____

Plants_____,_____

2. Biome _____

Characteristic _____,_____

Animals_____,_____

Plants_____,_____

3. Biome _____

Characteristic_____,_____

Animals_____,_____

Plants_____,_____

4. Biome _____

Characteristic_____,_____

Animals_____,_____

Plants _____,_____

5. Biome _____

Characteristic _____,_____

Animals _____,_____

Plants _____,_____

6. Biome _____

Characteristic_____,_____

Animals_____,_____

Plants _____,_____

List 3 environmental problems & explain a solution for each.

7. Problem _____

Solution _____

_____

8. Problem _____

Solution_____

9. Problem _____

Solution _____

_____

Cairo, Egypt

10. Using the climate graph above for Cairo Egypt. How much precipitation occurs in July? Be sure to label the amount.
_____

11. What is the coldest month? Also, list the temperature of that month and include the label.

Month _____ Temperature _____

12. Using the population growth chart below, Explain why Nigeria have a much bigger population problem than the US even if the US has many more people?

_____
